TOPIC OF THE EVENT: CAREERS

Students of Manipal University Jaipur conducted a event on 25 th November 2017 in Dehmi kalan Government School.

University Students Shared their thoughts of deciding a good career for their future helping the 7th , 8th,9th standards to decide what do they want to do in advance.

They believe that deciding an early stage would lead to success.

They also performed A role play to enhance their topic. The play included small acts on career options and to showcase it more efficiently a dance act was being performed to make them believed what the topic means. Later pens were being distributed to put an icing on the cake.

The school children were then encouraged to show their talent on the stage and making them involved in the lovely topic.

Few of the pics to take a glance at the event

GENERAL INTRODUCTION WITH STUDENTS

DISTRIBUTING THEM PENS

PERFORMING ROLE PLAY

PERFORMING DANCE
